

Coronavirus (COVID-19) Decontamination & Disinfection Services

Capabilities

Chimes District of Columbia, Inc. a leading Facilities Support Services provider to government and commercial properties, is actively performing rapid, professional decontamination of coronavirus (COVID-19) infected areas for the General Services Administration (GSA) and the State of Maryland. **Chimes DC uses products and processes approved by the EPA to kill COVID-19 as part of our standard procedures at all of our contract facilities.**

Chimes DC uses disinfectants which are COVID-19 compliant products in accordance with the EPA List N: Products with Emerging Viral Pathogens AND Human Coronavirus claims for use against SARS-CoV-2. <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>

We perform remediation and decontamination of interior surfaces and safe disposal of infected materials. Our crews are trained in OSHA standards and provide emergency and rapid response services throughout the U.S.

Pandemic Disinfecting Services (COVID-19):

- Use disinfectants per the EPA List N: Products with Emerging Viral Pathogens and Human Coronavirus Claims for use against SARS-CoV-2
